

ANIMAL ACTIONS

All of the animals at the Alive Studios Zoo move as they would in nature. Use those movements to engage the children!

Animals	Actions
Amos Alligator	Amos opens his mouth 3 times with the 3rd really big. "Amos, did you brush your teeth today? You had alligator breath yesterday!"
Brody Bear	Brody stands on his hind legs and roars, looks around and opens mouth a little. "Brody is very shy and he roars when he is scared. Let's be really quiet. He's a sweet boy."
Celine Cow	Celine licks her lips and flicks her ears. "Did you eat all of your greens? You did? Okay, you can have a serving of ice cream."
Dana Dolphin	Dana turns her head and squeaks, then floats. "Do you want us to come swim with you?"
Eddie Elephant	Eddie trumpets, stomps foot, and flops ears like she is having a temper tantrum.
Frankie Frog	Frankie ribbits, looks up and looks down. "Are you looking for bugs, Frankie?"
Gerdy Giraffe	Gerdy snorts and opens mouth almost like she is saying yes. Pick up the card and angle down like she is looking at the kids shoes. "I love your shoes, you know I have to buy 2 pair at a time instead of 1!" (pair)
Henry Horse	Rears up, turns head and winks, sticks out neck so you can pet him. "Henry! Are you flirting with me? Oh, you want a scratchin' behind the ears, huh!"
Ima Iguana	Ima hisses, turns her head and sticks out her tongue. "Ima! We do NOT stick out our tongue at friends. I know you think it is long and pretty, but..."
James Jaguar	James roars then hunches down to pounce. "James, what do you see in the grass? Are you trying to catch some dinner?"
Katy Kangaroo	Katy moves her tail and Kelly Roo (joey) peeks out. "Kids, be really quiet and let's see if Katy's baby will peek out." (pouch, joey)
Larry Lion	Lets out a big roar and then blinks like "Yes, I am king and I just did that."
Michael Moose	Waggles his head and looks a bit cross-eyed like there is something on his nose.
Norwood Narwhal	Swims and makes clicking noise - almost looks like he is pointing with his horn
